EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Chun-Pok Leung on 8/7/06.

The application has been amended as follows:

Claim 35, line 20, "first and second seed layers have different Cr contents" has been deleted and ---second seed layer has a higher Cr content than the first seed layer--- has been inserted therefor.

REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: the claims are allowable over the closest prior art to Bian et al. and Tomiyasu et al. Neither reference teaches the claimed combination of layers having a TiAl layer beneath a Cr alloy layer containing Ti, Mo, or W as set forth in claims 14, 16, and 19. Bian et al. teach the use of a TiAl but in combination with an overlying RuAl layer. Tomiyasu et al. teach a CrTi seed layer but fail to teach or suggest the use of an underlying TiAl layer.

With respect to claims 15, 35 and claims dependent thereon, Tomiyasu et al. fail to teach or suggest the claimed structure having a second seedlayer formed from Cr or a Cr alloy containing at least one of Mo and W in the case of claim 15, or a second seed layer having a higher Cr content than the first seed layer in the case of claim 35.

With respect to claims 19 and 37-38, the closest prior art to Tomiyasu et al. fails to teach or suggest the claimed thickness for the second seedlayer.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Holly Rickman whose telephone number is (571) 272-1514. The examiner can normally be reached on Monday-Friday 9:30-6:00.
